

AT NORTH WEST REC, OUR MEMBERS GET THE CREDIT!

December 2011 electric bills show a **credit** for **your share** of \$661,000 in retired patronage dividends approved by your co-op board of directors. You must have been a co-op member during 1999 or 2001 to receive a credit.

Read more about the patronage retirement in your December North West REC News Lines newsletter included inside the Living With Energy in Iowa magazine.

It really does pay to be an owner of your electric cooperative!

Happy Holidays to you and your family!
